

**GREEN CLEAN® CONCENTRATE** attaches great importance to the cleaning and cleanliness of your home and your car. We offer you first-class cleaning products that achieve superior results and are unrivaled in their effectiveness.

Originally introduced as a purely industrial product, we now offer our customers a versatile cleaner for multiple uses. With over 30 years of know-how, especially in the industrial sector. **GREEN CLEAN® CONCENTRATE** stands strong in the market today.

**GREEN CLEAN® CONCENTRATE** outperforms them all. With various concentrations, this Universal Multipurpose Cleaner can be used for many purposes.

**GREEN CLEAN® CONCENTRATE** is the most fastest and most convenient solution for almost all cleaning problems. It saves time and money.

Why buy 50 different products for 50 different purposes when **GREEN CLEAN® CONCENTRATE** can do it all?

**GREEN CLEAN® CONCENTRATE** is a concentrate and must be diluted with water.

You can also use sea water. It is best applied as a solution using a spray bottle.

The product should not be used in a concentration greater than 1:5. Check color fastness when using **GREEN CLEAN® CONCENTRATE** on fabrics. Not suitable for suede. Do not use undiluted on glass, painted surfaces and upholstered furniture.

Don't ingest.

General cleaning

**GREEN CLEAN® CONCENTRATE** can be used as a general multi-purpose cleaner with a dilution ratio of 1:30. This means 1 part concentrate to 30 parts water.

Spray surfaces such as tabletops, furniture, walls, upholstery, tools, etc. Wipe clean with a clean, dry cloth. Cleaning by immersion

**GREEN CLEAN® CONCENTRATE** can be used for immersion to remove carbon deposits from piston crowns, epoxy glue, surface rust or heavy grease deposits.

Examples of this are engines, spare parts, metal parts, machine elements and much more.

For immersion, dilute **GREEN CLEAN® CONCENTRATE** 1:5.

2- Leave on for about 2 hours.

3- Remove clean item from solution; if necessary, rinse with water to remove the light film of oil. 4- The dirty solution can be filtered and reused.

Engine Wash

1- Dilute **GREEN CLEAN® CONCENTRATE** in a ratio of 1:5 to 1:10 with water. 2- Spray on the cold engine.

Leave on for 3-5 minutes.

4- Rinse with high-pressure system.

**High Pressure Cleaning**

With pressure up to 100 psi, fill tank with **GREEN CLEAN® CONCENTRATE** at a ratio of 1:50.

200psi = 1:60,

300psi = 1:70

400psi = 1:80

etc. up to the maximum dilution of 1:140

**Cleaning Ovens**

1- For heavily soiled ovens, dilute **GREEN CLEAN® CONCENTRATE** 1:10, otherwise use 1:30.

2- Heat up the oven

3- Apply solution

- 4- Let something sink in
- 5- Scrub and rinse.

#### **Cleaning of linoleum floors**

- 1- Dilute GREEN CLEAN® CONCENTRATE with hot water 1:30.
- 2- It is best to apply with a floor scrubber and let it work for 3 to 5 minutes.
- 3- Wipe up, don't rinse.
- 4- For thick layers of wax, dilute 1:10 and leave on for 5 minutes.

#### **Cleaning of PVC surfaces**

- 1- Dilute GREEN CLEAN® CONCENTRATE 1:30.
- 2- It is best to rub with a brush.
- 3- Rinse with clean water.

#### **Cleaning aluminum rims**

- 1- Dilute **GREEN CLEAN® CONCENTRATE** 1:5.
- 2- Spray on the entire surface.
- 3- Rub with brush.
- 4- Wipe (do not clean rims in direct sunlight).

#### **Shampoo carpet**

- 1- Vacuuming.
- 2- For stains, apply GREEN CLEAN® CONCENTRATE 1:50 in dots (1:10 for stubborn stains).
- 3- Pour the solution into the machine's tank (max.1:50).
- 4- Shampoo entire carpet; If necessary, remove excess liquid with cloths or suction cups.

#### **Carpet cleaning without a machine**

- 1- Vacuuming.
- 2- Dilute GREEN CLEAN® CONCENTRATE 1:30.
- 3- Apply with a soft brush or sponge and scrub (if necessary rub with a dry cloth on soiled areas).
- 4- Suction.

#### **Floor cleaning with machine**

**GREEN CLEAN® CONCENTRATE** is very suitable for ground machines.

Fill the tank with a 1:25 to 1:40 diluted solution. The result is amazing.

#### **Window glass cleaning**

Spray **GREEN CLEAN® CONCENTRATE** diluted 1:100 on windows and clean windows with it.

#### **Removing fog from glass and mirrors**

- 1- Apply **GREEN CLEAN® CONCENTRATE** in a 1:10 dilution using a spray bottle.
- 2- Wipe the glass completely with a clean and dry cloth. (e.g. windscreens, eyeglass lenses, bathroom mirrors, diving masks, ski goggles, window displays, air conditioning, etc.)

#### **Remove insects from windshield**

- 1- Apply **GREEN CLEAN® CONCENTRATE** in a 1:10 dilution using a spray bottle.
- 2- Leave on for about 1 minute.
- 3- Rub and rinse.

**GREEN CLEAN® CONCENTRATE** removes the white shadows left by car polish on black plastic items.

- 1- Apply the 1:10 diluted solution
- 2- Let something sink in.
- 3- Rub with brush.
- 4- wipe.
